Lifting Coffee to Dining Table XAC 751

✓ Optimized Space

The coffee table and the dining table are combined into one, and the living room can also be changed into a small dining area to maximize the saving of the home space.

✓ Multi-Functional

When the table is close it works as coffee table and when it is lifted it can be a work desk or a dining table.

✓ Easy to Operate

The hardware installed inside makes it easy for one person to manipulate and move the table without using much forced.

Multi-Function Table BA-351

Multi-Function Table is a simple wind folding side table, it folds from two rectangular panels of uniform size. Leaning the side table against any wall in the house can be used to place decorations, occupying a small area and saving space. When you need to eat, just move the side table to the appropriate area and open the folded hidden panel. It can accommodate 4 to 6 people, convenient, practical and space saver.

Telescopic Dining Table BA-902

This extendable dining table can be stretched according to the actual needs of users. The width of the table is 900mm, the minimum length is 468mm, and the maximum length is 2293mm. The user can change the length of the table for 2,4,6,8 of people dining. The table top is detachable.

Extendable Dining Table + Four Chairs BA-161

Extendable dining table is a two-in-one dining table with flexible functions. The exterior looks like a small-sized side table. In fact, there are four folding dining chairs hidden in the inside of the table. When the panels on both sides of the table are unfolded, it becomes a large dining table for 4-6 people.

Hidden Wardrobe Mirror BA-391

This is a floor-standing dressing mirror with storage function. The door of the wardrobe is the dressing mirror. Just push the mirror to the side and the mirror will automatically bounce off and open the door. The two functions can be used at the same time without affecting each other.
